The fog ~~that~~ melts away in limpid air around
The birdies ~~that~~ ~~are~~ dressed in woodbine flair around
Daisies ~~offered~~ their snowy bosoms ~~to the sun~~ around
So don't ~~~~

The westlin' winds blow ~~fragrant~~ scents ~~through~~ around
~~with dewy flowers~~
The birds sing melodies from ~~trees~~ bowers around
The summer unfolds her ~~splendid~~ ~~rules of splendor~~
sparkling rays upon ~~the earth~~
So don~~~~

We ~~have our~~ ~~lovers~~ ~~sorrows~~ ~~and~~ ~~joys~~ ~~at times~~ ~~at times~~ through
~~That's~~ ~~why~~ ~~we~~ ~~exist~~ ~~here~~ in this world of strife,
~~That~~ gives us hope

The brook flows past the lovers' lane around
Let's ~~feel~~ ~~extra~~ the glowing spark of Nature ~~here~~ around
As ~~the~~ birds sing the drowsy-day to rest around
~~of night~~ dusk

So don't give up the world.

" " " " "

The sun gives ~~of~~ light to the heavens around
The moon gives a glow to the stony crown
the stars give a gleam to the ~~world~~ skies around
So don't give up the world

bound
mounds
pounds
wounds

the winds bring rain to the lakes around
the lakes bring water to the fields around
the fields bring food to the folks around
So don't give up the world

the flowers ~~grow~~ give honey to the bees around
the birds ~~build~~ nests in the trees around;

The sun gives light to the heavens around,
the moon gives a glow to the stony crown,
the earth gives hope to the folks around,
So don't give up the world, Oh!
Don't give up the world.
